Record of processing activity – Working document

CoR Mobile app

PART 1 - Record

1. General Information

Reference number	RD3-8
Last update	30/07/2025
Controller	European Committee of the Regions
Directorate	Directorate D
Unit	D.3 Digital communication and IT strategy
Contact details	jovana.zovko-ribic@cor.europa.eu
Joint controller	N/A
Joint controllership arrangement	N/A
DPO contact details	data.protection@cor.europa.eu
Processor(s)	N/A
Data processing agreement	N/A

2. Purpose and description of the personal data processing

Purpose(s) of the personal data processing	<p>The only data we collect is through Google Analytics for Firebase. This helps us understand how the app is used so we can improve performance, fix issues, and enhance the user experience. The information collected is aggregated and does not identify individual users. Google Analytics anonymizes IP addresses to process the anonymized data for statistical purposes after the full IP address is briefly processed before truncation and anonymization. No personal data is stored.</p> <p>More information on the type of data collected by Google Analytics for Firebase can be found here: Data privacy and security - Analytics Help -> https://support.google.com/analytics/topic/2919631?hl=en&ref_topic=1008008&sjid=6256856491611865991-EU</p>
Categories of persons whose personal data are processed	<p>The CoR mobile app was designed to provide CoR Members and other stakeholders with easier access to information about the CoR and the services it offers. CoR Members are the main users of the CoR app, whilst the local politicians and Local and Regional Authorities (LRAs) are secondary users, in addition to other stakeholders interested in following the work of the CoR - including the general public.</p>
Categories of personal data processed	<p>While Google Analytics does anonymize IP addresses, this anonymization does not occur at the point of collection. In practice,</p>

	the full IP address is briefly processed before truncation and anonymization. No personal data is stored.
Recipients of the personal data	Analytics data is processed by Google LLC, the provider of Google Analytics for Firebase. We do not share this data with any other third parties.
Transfers of personal data to a third country or an international organization	No, your personal data are not transferred to non-EU Member States or to international organisations.
Retention period of the personal data	The CoR itself does not store personal data. Data collected via Google Analytics for Firebase is retained in accordance with Google's default retention settings. You can read more about Google's data retention practices here: Data retention - Analytics Help -> https://support.google.com/analytics/topic/2919631?hl=en&ref_topic=1008008&sjid=6256856491611865991-EU
General description of security measures, where possible	See DPN.
